

October 2021

Fall breeze and Autumn leaves!

Fall is here and the inevitable weather change is on its way. ACC Adult Home Care is ensuring our clients are beginning to think about what needs to be done before the weather breaks. Things such as non-perishable food items, extra paper products, needed prescription medications, pet food, basic toiletries and snow melting salt. These are just some of the things we can ensure our clients have available in their homes as the colder weather approaches.

It is important to make sure the older adults in our lives are prepared and ready for weather change. ACC Adult Home Care can help with these tasks and ensure your loved ones are safe and taken care of before, during and after the colder months. Give us a call if with questions or to set up a FREE consultation.

Here's a list you can use to help you and your loved one be prepared for the winter months.

Winter Storm Emergency Checklist

Make sure you have adequate supplies on hand in case of storm outages. Print this and pick up what you need on your next shopping trip.

Drinking water <input type="checkbox"/>	Flashlights <input type="checkbox"/>
